Инструкция для Replit

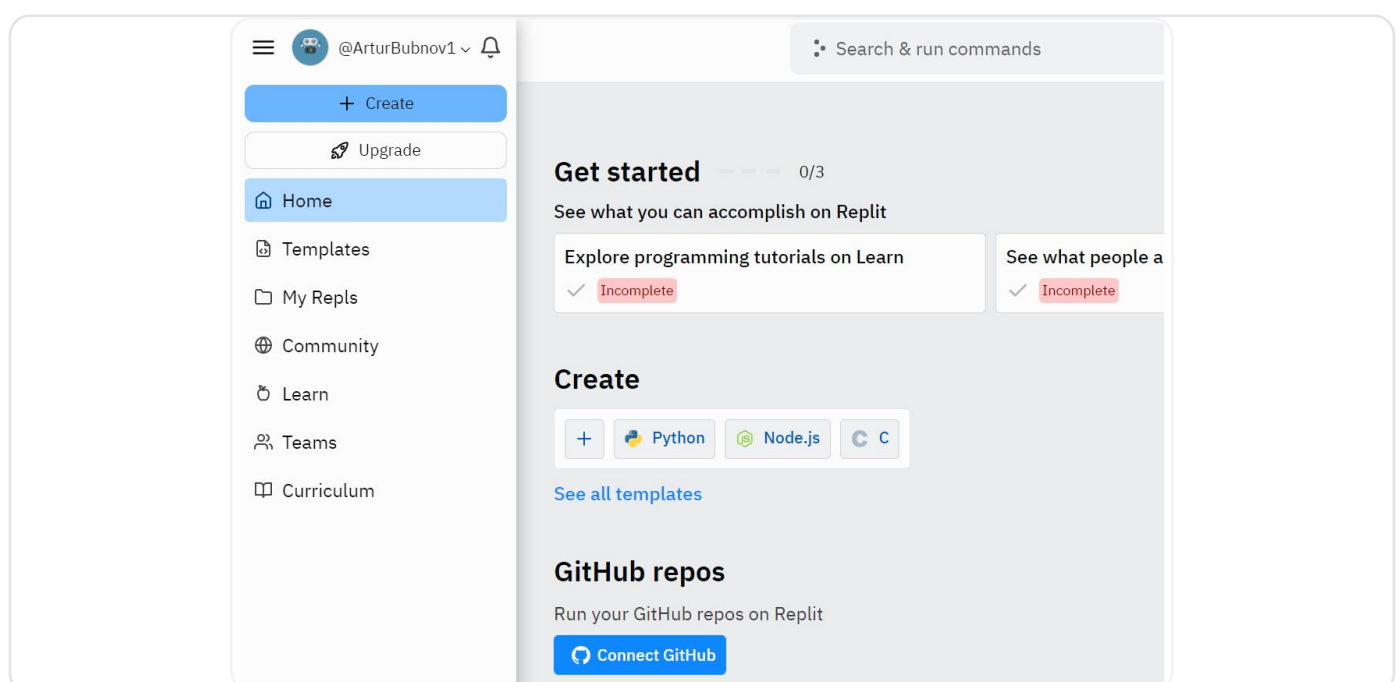

Получите ссылку на шаблон

- 1 Зарегистрируйтесь в Replit.
- 2 Найдите в домашнем задании ссылку на шаблон Replit, в котором содержится текст задачи.
- 3 Создайте новый аккаунт или войдите через Google, Facebook или Github.

The image shows two side-by-side screenshots of the Replit website. The left screenshot is the 'Create a Replit account' page. It has a title 'Create a Replit account' and a link for teachers: 'Teacher? Sign up for our education product.' Below this are input fields for 'Username', 'Email', and 'Password', followed by a blue 'Create account' button. There is a link 'Have an account? Log in' and three social login options: 'Continue with Google', 'Continue with Github', and 'Continue with Facebook'. At the bottom, there is a disclaimer: 'By continuing, you agree to Replit's Terms of Service and Privacy Policy, and to receiving emails with updates.' The right screenshot is the 'Sign in with Google' page. It says 'Choose an account to continue to Replit'. There are two accounts listed: 'Your Teacher' (your.teacher@gmail.com) and 'Alternative Account' (alt.account@gmail.com). Below them is a link 'Use another account'. A paragraph explains that Google will share name, email, language preference, and profile picture with Replit, and links to Replit's 'privacy policy' and 'terms of service'. At the bottom, there is a language selector 'English (United States)' and links for 'Help', 'Privacy', and 'Terms'.

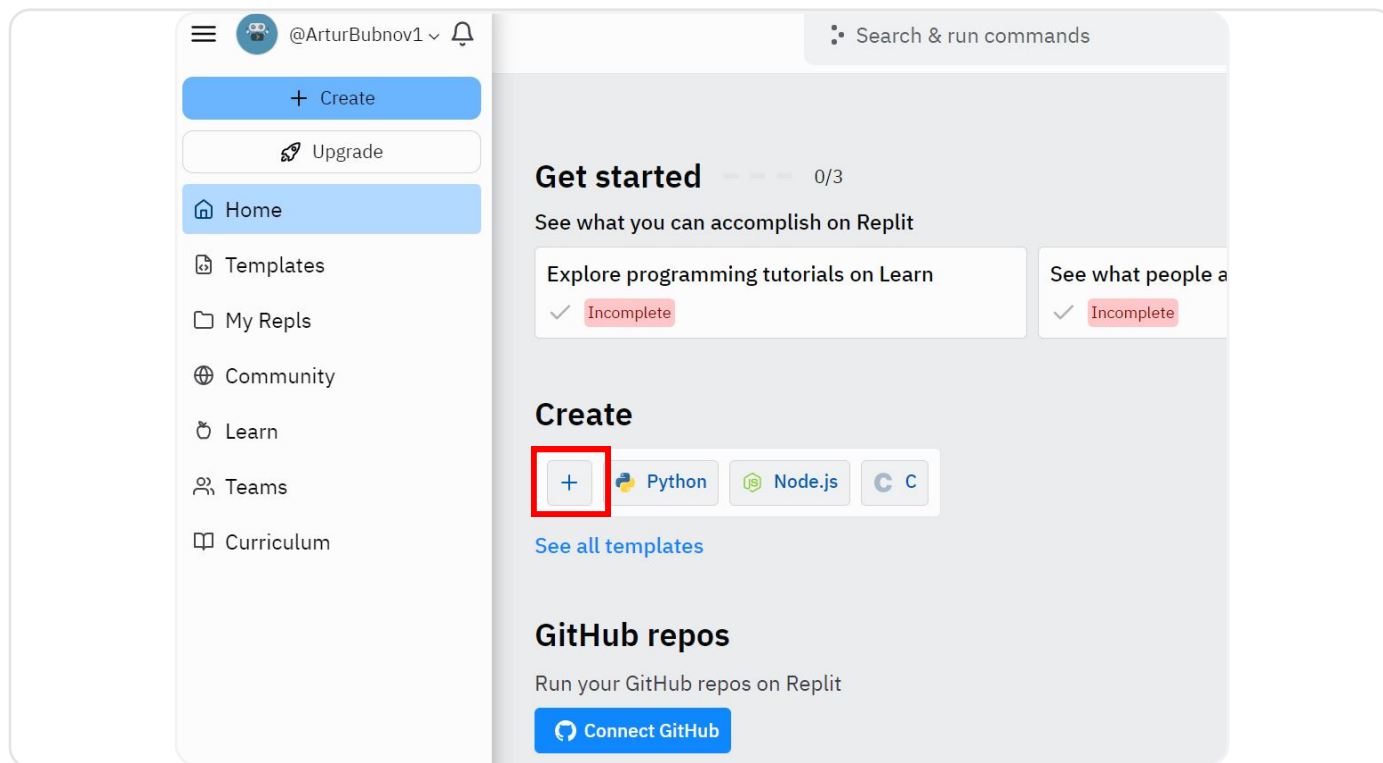

- 4 После регистрации вы будете перенаправлены на основную страницу.

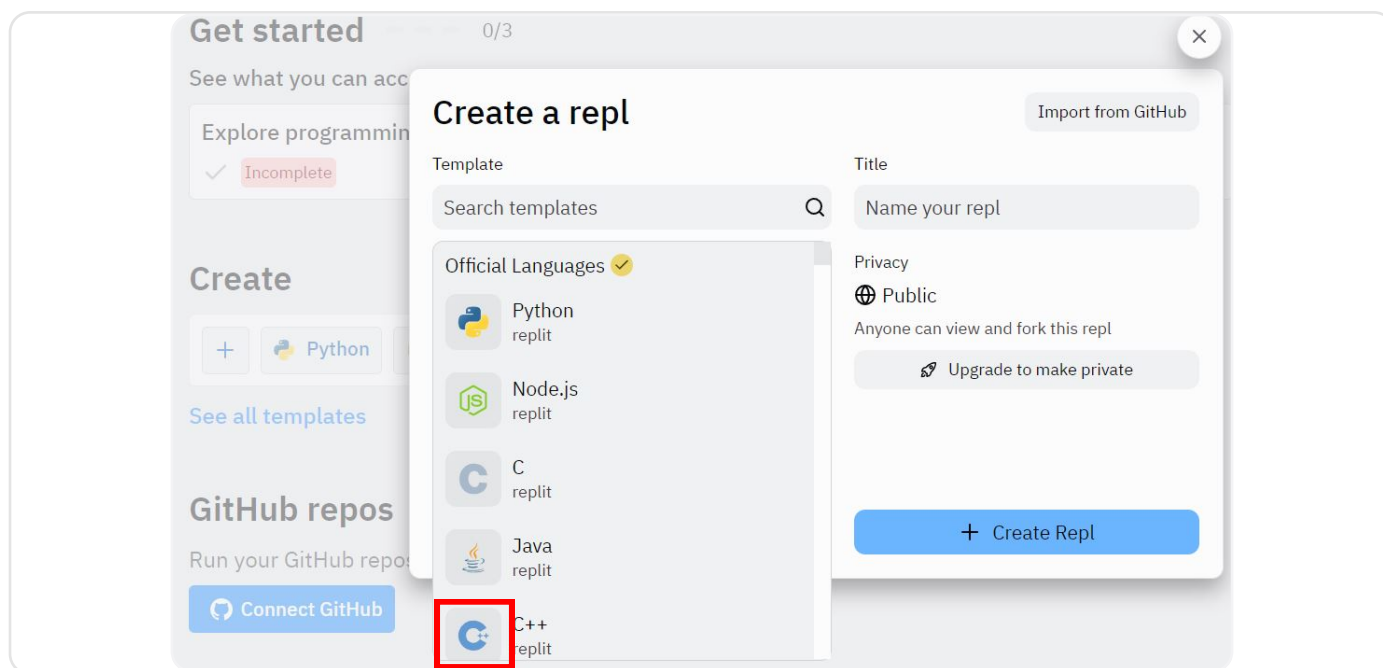

The image is a screenshot of the Replit main dashboard for a user named @ArturBubnov1. On the left is a sidebar with a menu: a hamburger icon, a profile icon with the name '@ArturBubnov1' and a dropdown arrow, a bell icon, a blue '+ Create' button, a white 'Upgrade' button with a rocket icon, and a list of links: 'Home' (highlighted), 'Templates', 'My Repls', 'Community', 'Learn', 'Teams', and 'Curriculum'. The main content area has a search bar at the top that says 'Search & run commands'. Below it is a 'Get started' section with a progress indicator '0/3' and the text 'See what you can accomplish on Replit'. There are two cards: 'Explore programming tutorials on Learn' and 'See what people a...', both with a checkmark icon and a red 'Incomplete' label. Below this is a 'Create' section with a '+ Create' button and three language options: 'Python', 'Node.js', and 'C'. There is a link 'See all templates'. At the bottom is a 'GitHub repos' section with the text 'Run your GitHub repos on Replit' and a blue 'Connect GitHub' button.

- 4 Вы можете начать работу с задач, которые даны в конце видео, или повторить задачу за преподавателем:

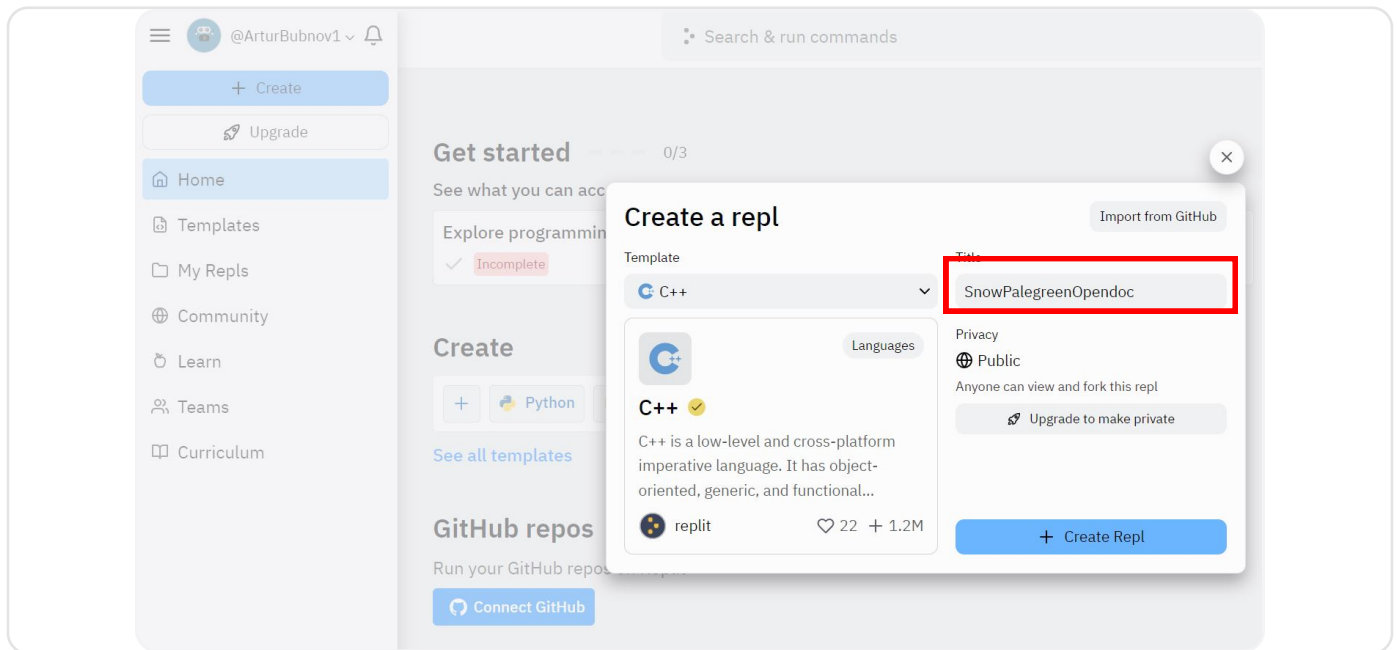

- выберите «+»;

- выберите язык C++;

- назовите ваш replit. Если вы оставите поле для имени пустым, то Replit сам придумает имя.

5 Вы можете программировать, как только создадите replit.
